

# INSPECTION SOLUTIONS YOU CAN TRUST

Downhole Inspection Solutions (DIS) has six domestic and two Canadian inspection facilities that are staffed by experienced and certified ASNT SNT-TC-1A Level II inspectors.

Equipped with advanced and calibrated non-destructive testing (NDT) equipment, certified inspectors provide analysis, maintenance, and repair services to Bottom Hole Assembly (BHA) components and rig equipment to ensure industry standards and customer specifications (TH Hill DS-1, API RP7G-2, etc.) are met or exceeded.

DIS inspectors average 10+ years of experience in inspection methods of MT, PT, and VT for applications including:

- Drill pipe inspection
- Drilling rig inspection
- BHA inspection
- Liquid Penetrant Inspection (LPI) of non-magnetic tools
- Magnetic Particle Inspection (MPI)
- Third-party inspections
- Weld inspections
- Double-shouldered field refacing capabilities
- Ultrasonic inspection

# INSPECTION SOLUTIONS YOU CAN TRUST

## Anytime, Anywhere Connectivity

Downhole Inspection Solutions' Customer Order Management Portal and Support System (COMPASS) is a web-based repository for all things Inspection. Once registered, customers have access to their inspection records 24/7. They can also verify the status of upcoming orders and review previous orders.

Compass advantages include:

- Research past, current, and future orders
- Verify order status
- Find and access inspection reports
- Review field tickets and invoices
- Photo and video attachment for transparency
- Optional email notification for orders received, in process, and completed
- 24/7 access on computer, tablet, or mobile devices

Drilling Tools International, Inc. is a leading provider of downhole tools to the land and offshore drilling markets. For nearly 40 years our company has been guided by the principals of Strength, Innovation and Performance. We consistently deliver world class customer service while providing quality products that meet the demanding drilling applications of today's market.

Our Quality Management System is certified in compliance to ISO 9001, and API Spec Q1 and our manufacturing is licensed to API Spec 7-1. Our Quality Management System governs all of our processes from planning, to process control, to delivery. This ensures that we consistently manufacture products that not only meet API standards but also meet the ever-changing needs of our customers.
